

## SAHRIS OBJECT PDF REPORT

**Object Code:** StW389

**Quantity:** 1.00

**Cultural Association:**

**Maker:**

**Production Place:**

### **Description:**

From Sterkfontein Member 4. Dates for this Member vary, but it is reasonable to say between 2 and 3 million years. The partial tibia (StW 389) is mostly the distal articular surface plus a few cms of the lower shaft. There are no other parts of the greater whole long bone.
