

SAHRIS OBJECT PDF REPORT

Object Code: StW 431

Quantity: 1.00

Cultural Association:

Maker:

Production Place:

Description:

From Sterkfontein Member 4. Dates for this Member vary, but it is reasonable to say between 2 and 3 million years. The partial humerus (StW 431) is approximately the distal 1/3 of the greater whole humerus. This specimen is associated with other fossil remains that comprise a partial skeleton.
