### **Description:**

Crossbar curved upwards at either end and decorated at flattened end sections with zigzag design. Lugs descend directly from ends of platform and are roughly flat squares with linear and other designs. Two pillars that curve inwards at the centre terminate in a truncated and raised bilobal base. The centres of each pillar are joined by a crossbar with two circular motifs at each end. The circles are decorated with concentric circles and the bar with linear designs in relief carving. A metal chain is wrapped around the lower end of the pillars just above the base.
