

## SAHRIS OBJECT PDF REPORT

**Object Code:** FAUNA\_CASEID14390

**Quantity:** 11.00

**Cultural Association:**

**Maker:**

**Production Place:**

### **Description:**

Proposal to submit 11 small fragments of fauna recovered from excavations at Ga-Mohana Hill for Zooarchaeology by Mass Spectrometry. Analyses will be carried out at The University of Copenhagen by Dr. Ashley Coutu, via a collaborative lab arrangement with Prof. Matthew Collins. This work is also in collaboration with Dr. Benjamin Collins (University of Manitoba), who selected the appropriate samples
